EDUCATION

New York University Abu Dhabi

B.S. Computer Science | Minors: Applied Mathematics, Economics | GPA: 3.95 / 4.0

Abu Dhabi, UAE

Expected May 2027

- **Relevant Coursework:** Markets, Statistics, Case Analysis, High-Tech Entrepreneurship (NYU Stern), Responsible Capitalism, Algorithms
- **Global Exchange:** NYU Paris (Spring 2025) - informal field study of European fintech adoption across six cities; NYU Stern, New York (Fall 2025)

PROFESSIONAL EXPERIENCE

Inception (G42)

Data Engineer Intern

Abu Dhabi, UAE

Jun 2026 - Aug 2026

- Built **15+ integrations** letting AI agents pull data and run workflows across Outlook, Teams, SharePoint and Planner.
- Built and tested **8 AI-agent workflows** for enterprise use cases (meeting prep, email triage, task prioritization), plus Copilot Studio agents for sprint planning and HR scheduling.
- Compared **3 AI evaluation tools** and contributed to a monitoring pipeline for tracking agent quality.

UNDP - AltFinLab

Intern, Digital, AI & Innovation Team (part-time)

Remote

Sep 2026 - Present

- Selected via a final-stage assessment: a pilot proposal pitching a no-code app builder to **20 food-security CSOs** across the Arab States and Africa.

H-Farm Open Innovation

Innovation Analyst Intern

Venice, Italy

Jun 2025 - Aug 2025

- Scouted **150+ startups** and shortlisted **50** for **Toyota** in Southeast Asia across mobility, data partnerships and ESG, as potential collaboration or investment targets.
- Built a 100+ company database of blockchain ventures for **Exponential Science**; automated initial scouting with n8n AI agents.

Arrayah Venture Studio

Deep-Tech Intern / Founder's Associate

Dubai, UAE

Jun 2024 - Aug 2024

- Interviewed **20+ GCC founders**, mapped early-stage funding gaps, and helped steer Arrayah's partnership with a regional angel network.
- Prototyped "sustainable code refactoring-as-a-service"; early modeling showed potential cloud savings for mid-market clients.

New York University Abu Dhabi

Research Collaborator, Green AI Research

Abu Dhabi, UAE

Dec 2024 - May 2026

- Co-authored a [workshop paper](#) on environmentally sustainable AI (week-long workshop, Lausanne); studied how energy use differs across LLM-generated programs.

Student Research Assistant, Robotics - REACH Lab (with KINESIS & AD Ports)

Sep 2026 - Present

CS Peer Tutor, Academic Resource Center

Sep 2026 - Present

Teaching Assistant, Computer Programming for Engineers (~20 students)

Aug 2024 - Dec 2024

LEADERSHIP AND CAMPUS INVOLVEMENT

Violet Ventures, NYUAD

Student Venture Associate & Co-Lead

Abu Dhabi, UAE

Sep 2023 - Present

- Screen 15 student-led startups each term (market sizing, comps) for startAD; support event organization and marketing.
- Co-organized **Slush'D Abu Dhabi 2024**, drawing 500+ attendees and 33 guest speakers.

HackAD, NYUAD

Vice President, Events Manager

Abu Dhabi, UAE

Jan 2023 - Dec 2024

- Organized 7+ technical events, including a **100+ participant hackathon** and "ML for All" workshops.

MARSS Conference 2024 (Student Assistant): supported operations for an international robotics conference (200+ academics)

The Consulting Collective: Founder's Associate of NYUAD's consulting student interest group

PROJECTS, BOOTCAMPS AND AWARDS

- **Startup Center Bootcamp (Jul 2025):** won **1st prize** for CogniCare, an AI voice-assistant wearable for Alzheimer's patients; pitched to 4+ investors.
- **LUMINA Bootcamp (Jul 2025):** prototyped an ESG-reporting consulting platform and assessed its market viability.

SKILLS & INTERESTS

- **Finance & Analytics:** Trading Comps, Scenario Modelling, Excel, Python (pandas, matplotlib), SQL, basic Bloomberg
- **Programming:** Python, C++, Java, JavaScript/HTML/CSS, AI agents (MCP, Copilot Studio)
- **Languages:** English (native), Hindi, Gujarati, Urdu; Arabic (basic)
- **Interests:** Emerging-Markets Investing, Football, Chess, Sustainable Tech
